General

It gives us pleasure to testify on behalf of **SIMBARASHE ZINGONI** who has attended the South African College High School (SACS) since 2010. Simbarashe is a very polite and well-mannered young man who is well-liked by his peers. His respectful nature towards everybody is heartwarming and he is a genuine gentleman who shows great respect towards others, as well as himself.

Simbarashe is a very talented tennis player who represented the sport at provincial level. He is a committed and loyal team player, always helpful and supportive of his team mates. His leadership qualities were of great help and displayed in his excellent captaincy of the team. Simbarashe also played rugby and has shown good sportsmanship.

Simbarashe has shown excellent leadership skills. He was fair, yet consequent, always leading by example. He proved himself to be a very likable house captain who could motivate and inspire, leading Shaw House to new heights. He is a natural leader of note.

Simbarashe is a hard-working and diligent student. He is determined to do well. Once decided on a goal, he will work relentlessly to achieve this goal. Simbarashe sets high, yet not unrealistic, standards for himself. He is a very capable academic.

We wish Simbarashe all the best for the future.
