

REFERENCE Simba Zingoni

To whom it may concern;

I confirm that Simba Zingoni was employed in Benchmark as an intern on a 3-month limited duration contract in January from January to March 2020.

Simba was initially deployed in an analyst function within the company and was responsible for buyer outreach on his allocated projects. His role involved making contact with prospective purchasers of client companies both telephonically and electronically, the objective being to secure non-disclosure agreements from buyers in respect of these opportunities.

Simba displayed a positive attitude to his work and conducted himself professionally. He enjoyed a healthy working relationship with his colleagues and was always eager to learn - I am confident he will adapt well to any new environment.

We wish Simba well in his future endeavours.

Kindest regards,

Date: 04 October 2020
